Welcome to the Red Brick Church!

We are glad you have joined us today and hope you sense God's presence through our time together here in worship!

Our theme for this school year of "*Your Story, Our Story, God's Story: BE BOLD!*" reminds us that the choices we make and where we choose to spend our time and resources matter for the larger narrative that is still being written--the blank pages that are still coming to life. **Better put, the story of God is not over until God says it's over.** So as long as we have breath, and even after, God is at work in us and through us for His glory. I hope whether you are new through the doors today or you have been here for 50 years, that you continually take time to reflect and ask what God wants to do through your life. One of the best ways to do that is through community. Might you consider getting more involved, if you aren't already, in a small group this year? If you can't find one that fits, consider starting something that will work for you!

Faith isn't just about right belief, it is about practice. Right belief is important, though, as worldview dictates the practice that will ensue. This month, we are looking at profound theological truths through four simple prepositions in the Scriptures. Each of these words, although small, have an enormous impact on our world. May God speak to you through this series.

We grow as individuals, and we grow together in community by showing up, AND being open to the movement of God's Spirit.

Thank you for taking the first step and showing up. Now may you be ready to receive.

Blessings,
Pastor Karla
